That's a Wrap... December 2020 Jersey Proofs

It's has been quite a year for us all and as we wrap the year up with an exciting new proof round, we see the Jersey lineup stronger than ever. Whether you select from US numbers or traditional Canadian, whether you prefer Proven or gravitate to the latest Genomax sires we have sires that appeal. It's as broad an offering as we have ever had and we are proud to provide the highlights and introduce the newest sires to you.

Journey graduates just out of the top 10 for LPI with a very pleasing combination of 53 kg Fat and +7 Conformation with +9 Mammary and a +7 F&L rating. He joins Viral who is ranked at #4 for LPI and other than higher Fat (71 kg) has very similar Type, Mammary and F&L numbers. The pair headline a lineup that is making pleasing performers and profitable contributors to Canadian Jersey herds throughout the country.
